December 2024 - Data from 29/11/2024

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavorable, moderate, and favorable scenarios shown are illustrations using the worst, the average, and the best performance of the Sub-Fund over the last 10 years. Markets could develop very differently in the future. The figures shown include all the costs of the Sub-Fund itself as well as the distribution costs you may pay to your distributor. It may not include your advisor's costs. The figures do not take into account your personal tax situation, which may also affect how much you get back. The stress scenario shows what you might get back in extreme market circumstances.
